First Step
PSYCHOLOGY & CHILD DEVELOPMENT CENTRE

SPEECH THERAPY CONSULTATION

Helping children find their voice, communicate with confidence.

Every child has something to say. We help them say it better.

WE CAN HELP WITH

- Speech sound difficulties
- Language delay and development
- Poor vocabulary and sentence building
- Listening and understanding
- Stuttering and fluency difficulties
- Social communication skills

BENEFITS OF SPEECH THERAPY

- Improves communication and expression
- Enhances learning and academic performance
- Builds confidence in social interactions
- Supports overall communication and cognitive development
- Empowers children to express their needs and emotions

OUR APPROACH

Individualized Assessment
We understand your child's unique strengths and needs.

Personalized Therapy Plan
Goal-oriented plans tailored to your child's communication goals.

Play-Based Therapy
Fun and engaging sessions that make learning enjoyable.

Parent Involvement & Guidance
We empower parents with strategies to support progress.

Ongoing Support & Monitoring
We track progress and adjust therapy to help your child thrive.

BOOK A CONSULTATION TODAY!

Let's take the first step towards better communication.
